

CREATIVE TECHNOLOGIST; II

OBJECTIVE

Responsible for the maintenance, set-up, and operation of production equipment while ensuring complete customer satisfaction.

WHAT WE ARE LOOKING FOR

A tech-savvy quick-thinker with a drive and desire for a live event environment is the perfect candidate for this role. Capable of discovering and engaging new business opportunities as well as nurturing existing clientele, the Creative Technologist thrives in problem-solving, taking pride in quality, and discovering efficiencies. The ideal candidate has a reputation of a positive can-do attitude, and a unique ability to multitask in a fast-paced office and production environment. Someone of two minds, both creative and analytical, the Creative Technologist is well-rounded in all aspects of the event, including creativity, engineering, operation, and customer service, and has the ability to anticipate the clients needs in advance, establishing a world-class customer experience with the Visional brand.

MORE ABOUT VISIONAL

Visional is a multidisciplinary creative engineering agency known for building unforgettable experiences for industry-defining brands. Founded in 2014 by Kyle Means and Jim Steurnagel, Visional has become a leader the experiential space by combining cutting-edge visual technology, a deep understanding of design, and years of expertise. Visional specializes in creative design and direction, live production, virtual engagements, interactive experiences, immersive environmental installations, and full-service project management.

Visional's mission is simple: Be nice. Do good work. We're friendly, energetic, and driven to help our clients and partners develop and engineer experiences. We thrive on building relationships and helping organizations deliver their message through creativity, technology, and collaboration.

Visional has teams strategically placed across the US, with hubs in Atlanta, Denver, Los Angeles, and Orlando. Learn more about Visional at wearevisional.com.
